Standard Form of Bid

1. The undersigned agrees that the proposal is based on material and standards of construction of the makes or types called for in the Project Manual. Any use of alternate materials, which have not been pre-approved, will not be permitted.
2. It is hereby certified that the undersigned is the only person(s) interested in this proposal as a principal, and that the proposal is made without collusion with any person, firm, or corporation. Execution of this "Form of Bid" will also serve as a "Non-Collusive Affidavit".
3. Bidder guarantees that, if awarded Contract, he will furnish and deliver all materials, water, tools, equipment, light, heat, power, tests, transportation, secure all permits, bonds and licenses, perform all labor, superintendence and all means of construction, pay all fees and do all incidental work, and to execute, construct, and finish in accordance with the procedures outlined in the "Project Manual" and all Addendums to the complete satisfaction and acceptance of the Owner for the price(s) stated on page 1 "Bid Items" & "Unit Price for Additions to Contract".
4. It is understood that the Owner reserves the right to reject any or all proposals, or part thereof or items therein, and waive technicalities required for the best interests of the Owner. It is further understood that competency and responsibility of bidders will receive consideration before the award of the Contract.

Addendum #1

The following clarification and/or changes are hereby made in the plans and specifications for the project and are to be included in all proposals. Where conflicts arise, the addendum section shall take precedence. The following work shall proceed per the addendum or per the specification if not mentioned in the addendum. A signed copy of the addendum must be included with the bid submission:

General Items:

1. There was some confusion on the start time of the prebid. That being said there were two vendors (New England Masonry and Silkdown) that arrived after the start of the prebid. It is the decision of The Sherman School to allow these contractors to bid this project.
2. All bid documents will be attached in this addendum.

Scope Items:

1. Please provide a SF price (handwritten on your bid form at the bottom) to install the Liquidtech coating system to additional EPDM roof sections. If budget allows, there was one section to the left of roof sections S and V as shown on the map that may be coated.

A signed copy of the addendum is required to be included with the bid submission.

Question June 24, 2021 at 3:50:02 PM EDT

1. There's a few areas where the existing flashing tucks up under a counter flashing at a brick wall. Are we removing the brick and installing a new through-wall flashing, or providing a new reglet counterflashing? Ref the attached photos

Answer

Reuse existing through wall counterflashing.

Description
The design and installation of systems or maintenance programs to conserve energy use within a building. This category includes shared savings programs.

This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.

Company Licenses/Registrations: It is the Contractor's responsibility to update their license information by editing their electronic application. Licenses are confirmed by the Department of Administrative Services (DAS) at the time of initial application and at each renewal.
For information regarding the DAS Contractor Prequalification Program visit <http://portal.ct.gov/dasprequal> or call (860) 713-5280.

GENERAL BUILDING CONSTRUCTION (GROUP C)	The undertaking of general contracts for the construction of buildings i.e. new construction, renovation, rehabilitation, alteration, addition, etc. The contract must include a variety of construction practices and supervision of a minimum of three sub-trades. Includes buildings that are truly custom, requiring extensive detailing, or that have large amounts of integrated scientific or complex mechanical/electrical equipment in order for them to function. Examples include hospitals, chemistry buildings, special collections buildings, historic preservation to a landmark structure, and/or any other structure that is truly one of a kind within the State's inventory. Note: If you are prequalified for General Building Construction under Group C, you are automatically prequalified for Group A and Group B. Also if you are prequalified for General Building Group C you will automatically be prequalified for General Trades. Note: For the purposes of DAS Construction Contractor Prequalification, contractors in this classification are not required to be registered as a major contractor with the Department of Consumer Protection. However, there may be specific projects within this classification that require a major contractor registration from the Department of Consumer Protection. Projects that are threshold buildings may require a Major Contractor Registration.
HISTORICAL BUILDING RESTORATION (MASONRY, ROOFING)	Construction/renovation, masonry, and roofing work will require firms with experience with the Secretary of the Interior's Standards for Rehabilitation issued by the U.S. Department of Interior, National Park Service, Washington, D.C. (Standards for Treatment of Historic Project.)
METAL SIDING	Work customarily performed by this industry including the supply and installation of metal siding where used as external components of custom designed buildings. This does not apply to pre-engineered buildings where the metal siding is a building component.
ROOFING	The installation of various types of roofing materials including shingles, slate, rubber, PVC and related flashing and drainage systems.
WATERPROOFING	Installation, renovation, repair and maintenance of materials required to make foundations, walls and other surfaces of a building dam proof or impervious to water, including such incidental or related work as is customarily performed by those in the waterproofing and dam proofing trades. This category does not include roofing by itself.

This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.

Update (Bid) Statement
 (Statement to be included with the bid)

Connecticut General Statute §4a-100 and Connecticut General Statute §4b-91

Each bid submitted for a contract shall include a copy of a prequalification certificate issued by the Commissioner of Administrative Services. The bid shall also be accompanied by an update bid statement in such form as the Commissioner of Administrative Services prescribes. The form for such update bid statement shall provide space for information regarding all projects completed by the bidder since the date the bidder's prequalification certificate was issued or renewed, all projects the bidder currently has under contract, including the percentage of work on such projects not completed, the names and qualifications of the personnel who will have supervisory responsibility for the performance of the contract, any significant changes in the bidder's financial position or corporate structure since the date the certificate was issued or renewed, any change in the contractor's qualification status, and such other relevant information as the Commissioner of Administrative Services prescribes. Any bid submitted without a copy of the prequalification certificate and an update bid statement shall be invalid. Any public agency that accepts a bid submitted without a copy of such prequalification certificate and an update bid statement, as required by this section, may become ineligible for the receipt of funds related to such bid.
