PRESS RELEASE

THE SHERMAN SCHOOL

SEEKING NOTICE OF INTENT TO REGISTER FOR PRESCHOOL

The integrated special education preschool program at The Sherman School, S.A.I.L., is now seeking notice of intent to enroll new students for the 2021/2022 school year.

S.A.I.L., Sherman Activities in Learning, is an integrated preschool program that serves special education and general education preschoolers ages 3-5.

The integrated program has been in operation since 1997. The goal is to provide an integrated setting where special education and general education children can share a preschool experience. The program's curriculum is developmental and includes activities such as structured play, circle time, art, music, movement and story time. While general education children receive the benefit of a high-quality preschool program, they also serve as role models for the special education children. Therefore, it is important that the children who participate in the program demonstrate age-appropriate skills.

If you are interested in this program, please call Jane Barillaro at The Sherman School, 860-355-3793, extension 311, or stop by the school office for a form. Please submit the form indicating your intent to enroll your child in preschool by February 5, 2021.
